EDUCATION

Associates of Science

Houston Community College

ABOUT ME

Self-motivated developer with deep knowledge and proficiency in JavaScript, HTML, CSS, and mobile responsive website development, as well as highly potent skills and ability in writing efficient code, seeks the position of front-end developer.

EXPERIENCE

Reliability Measures | March 2020 – June 2020

Programs used: React.js and sub-packages such as Redux, React-Router-Dom, and React-Hook-Form

- Collaborated to build a tool which could analyze and evaluate the effectiveness of exams and teaching strategies to improve students' learning outcomes
- Created a responsive and intuitive UI for users
- Lead the front-end development efforts to create a web app

Polestar Global | June 2020 – September 2020

Programs used: React.js and sub-packages such as Redux, React-Router-Dom, and React-Hook-Form

- Designed a proof of concept to provide efficient search and filter features for ship tracking data
- Coordinated efforts with the back-end team to efficiently achieve project goals
- Utilized Google Maps API to visualize ship movement

ACTIVITIES

Independent Learning

- Utilize online resources to keep up to date with new and emerging technologies
- Challenge myself to step out of my comfort zone and learn new things to improve my technical skills

Arabic Teacher | ISGH | January 2016 – current

- Collaborated with teachers and parents to design and teach curriculum to elementary/middle school students
